

UNIQUELY AUSTRALIAN WILDLIFE

TOTAL SUGGESTED NIGHTS: 15 nights

Plus a night on route where required.

Australia is a place of exceptional natural beauty where ancient rainforests and vast national parks, rugged mountain ranges and reefs, beaches and waterways, provide sanctuary for Australia’s wondrous wildlife. With the continent accommodating more than 20,000 plant species and 2,300 animal and bird species, many of these endemic, this itinerary encourages complete immersion themselves in Australia’s pristine natural environments and the ability to get up close and personal with our unique wildlife.

FROM DARWIN AIRPORT, PRIVATE 20MIN FLIGHT TO PRIVATE AIRSTRIP, 15MIN HOSTED DRIVE TO BAMURRU PLAINS.

**1 Bamurru Plains
Top End, Northern Territory (3 Nights)**

Bamurru Plains is an extraordinary safari-style bush experience on the edge of Kakadu National Park in Australia’s Northern Territory. The coastal floodplains of northern Australia are home to prolific bird and wildlife (Australia’s answer to the Okavango Delta) whilst Kakadu and Arnhem Land are the heartland of the country’s indigenous culture. *Bamurru Plains is open from 1 May to 31 October.

A selection of must do’s

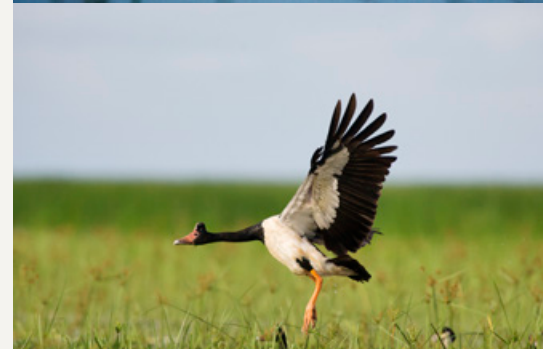

- Airboat safari - A morning trip out on the floodplain wetlands of the Mary River catchment in an airboat is utterly exhilarating and the only way to truly experience this achingly beautiful natural environment and the prolific bird and wildlife it hosts.
- 4WD safari - With the recession of the waters from much of the floodplain in the dry season, the plains become accessible to 4WD vehicles and an afternoon out with one of the guides will provide a unique insight to this fragile yet very important environment.
- Bird watching - The Mary River catchment is home to some 236 species of bird, many of which are found at Bamurru Plains. Even in the dry season the floodplains on the property still retain large areas of water to which the birdlife congregates in extraordinary numbers rarely seen elsewhere in Australia.
- Fishing - plus, with the camp being located on the edge of the floodplains it is the ideal place to hook one of Australia’s great sports fish, the Barramundi.

4 Arkaba Flinders Ranges, South Australia (3 Nights)

Arkaba's true luxury lies in the fact that its 60,000 acres of private wildlife conservancy is shared by just 10 guests, taking the definition of exclusivity to a new level in Australia. Located in the ancient and awe-inspiring scale landscape of the Flinders Ranges, [Arkaba](#) provides the opportunity for guests to immerse themselves in the story of the bush - its ancient geology, diverse wildlife and the chance to understand the conservation challenges that Australia faces.

4 Arkaba Flinders Ranges, South Australia (3 Nights)

A selection of must do's

- Arkaba's wildlife is prolific - with Australia's three largest macropods (Red Kangaroo, Western Grey Kangaroo and Common Wallaroo) all regular sightings. The country's most endangered macropod, the Yellow-footed Rock Wallaby, has also returned to Arkaba's range since the introduction of active conservation programs.
- For those keen to learn more of the challenges Australia faces in saving its diversity of wildlife, join one of Arkaba's field guides one evening to track a radio collared feral cat or set up the trip cameras that monitor key sites across the property. The tourism dollars that are spent at Arkaba go straight back into wildlife conservation on the property and an ever improving wilderness experience.
- Spending time with a local guide bushwalking along the dry bed of the Arkaba Creek is a great way to soak up the sounds and smells of the bush and expand your knowledge on Australian fauna and flora.
